

## Comments to Hans Beth

“I know Hans for more than 30 years now. I mentored him as a lecturer during his sport studies and later while he was working as a coach. As a very experienced Coach, Hans has explicit knowledge as a coach and leader and has more than proven that with the successful teams he coach in all age groups. Quite often he has also proven to be very reliable and competent socially. His extraordinary commitment and reliability have proven him to me as a pretty determined and responsible person.“

“Hans and me have worked together for a while. He was the coach that has pushed me intensively when I was young and led me to play in senior teams when I was still very young. When I was 15, he gave me the opportunity to play in the 4th German league and get valuable experiences. One of his biggest strengths is his ability to motivate. He managed to get players out of their lows every single time. Usually, not everybody is able to find the right words or do the right things in these tough situations.“

“Coach Beth is an excellent coach! To be a great coach you need to be well balanced in the aspect of understanding the game and also being able to relate to your players and team. Coach Beth has both of those qualities with many others that make him a great coach and even better person. I'm sad I only got to spend a short time playing for him, but I will always remember and cherish the time that I had.“

“Coach Hans Beth is a great manager of people. Whether that be in basketball or the Corporate world. He has a unique way of understanding the strengths and weaknesses of people and getting a team or a group of people to reach a common goal through positive team building. I have been very fortunate to play for a coach like him and he has helped me tremendously on and off the court not just making me a better player but a better person.“
